NEW BUSINESS:

Claire & Lucy

“Hello Panhellenic Chapters,

It is with sadness that we are informing you all of the closing of our beloved Gamma Omicron chapter of Delta Zeta, here at SDSU. Despite the extremely hard work put forth from every Delta Zeta member, we have continued to struggle and as our membership has declined over the years, the constant pressure to increase membership has heavily weighed on us. As a chapter we requested through Delta Zeta’s National Council to close, rather than continue to put this

negative strain on our members. Our chapter will be closing at the end of this semester on December 20th, until that time we will continue to operate as normal and fully participate in chapter and panhellenic events. Following December 20th, our members will become alumnae members of Delta Zeta. Although this is disappointing, we hope the Gamma Omicron chapter can return to SDSU when the timing is right in the future. We are extremely proud of our legacy at SDSU, and the opportunities and connections this sorority has brought to our chapter members and community. We are happy to have brought friendship, community, belonging, generosity, curiosity, and empowerment to this university and community. We will continue to hold these values as Delta Zetas and leave you with the positive memory of the Delta Zeta sorority. We appreciate all for your support in the past and during this time.

DZ Love and Mine,

The Gamma Omicron Chapter of Delta Zeta
San Diego State”

“Delta Zeta would like to return to SDSU’s campus when and if the time is right. With this in mind, we would like to ask the panhellenic council to hold a vote to allow Delta Zeta the first right of refusal the next time SDSU opens for panhellenic extension, occurring after the current round of extension.”

Motion to permit first right of refusal to Delta Zeta

~~Vote to take place Nov. 14th~~

Update as of 11/30: Delta Zeta Nationals is to propose the right of refusal to Kayla Snow or Jason Fitzer and the 2023 CPA Board is to vote and establish a timeframe for their return.
