## ANNOUNCEMENTS

- Hi everyone, I am super excited to begin to launch greeks gone green again. We are an organization under associated students and work with green love. Our goal is to get the greek community more involved in sustainability efforts, and provide opportunities to learn, and gain volunteer hours through practicing sustainability. This will also be a great way to create connections and exchange information between students under our 4 greek councils. Everything about greek go green is optional, we just want to provide an opportunity to learn more and practice sustainability. I look forward to starting this project and getting the greek community more involved. I have attached an interest form and would love to add you to our groupme as well.

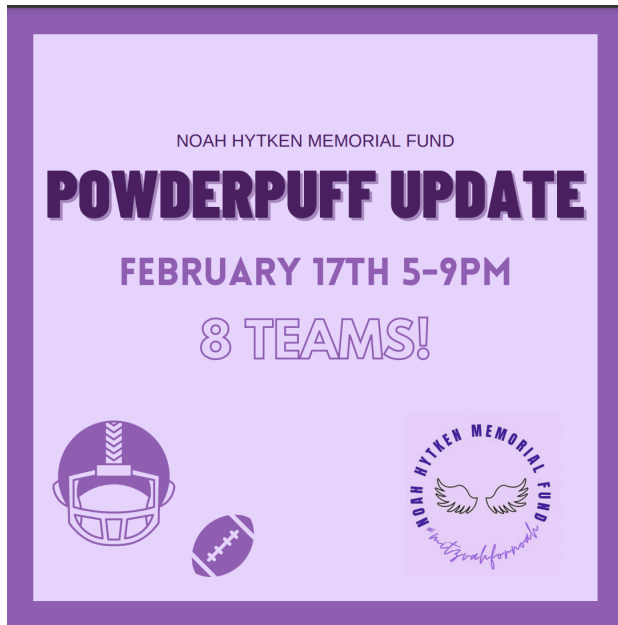

Best,

Clara Smith
